THE LAKE REGION OF NORTHERN WISCONSIN & MICHIGAN

FOR SPORTSMEN. Attention is directed to the lake region of Northern Wisconsin and Michigan, reached by the MILWAUKEE, LAKE SHORE & WESTERN RAILWAY. No other section of country affords the lover of the rod and hook so great a variety of sport. The innumerable lakes are teeming with muskallonge, black bass, pike and pickerel, Mackinaw trout and land-locked salmon, and the streams with brook trout.

BRIEF MENTION OF SOME OF THE PRINCIPAL RESORTS

ON THE LINE OF THE

Milwaukee, Lake Shore and Western R'y.

THE POPULAR NORTH WOODS SANITARIUM.

Gogebic Lake, Mich. This lake is twelve miles distant and 900 feet above the waters of Lake Superior. It is fifteen miles long and one and one-half to three miles wide, and is generally conceded to afford the best black bass fishing known anywhere. Brook trout are found in tributary streams, and at certain seasons of the year very large brook trout are caught in the open lake. Gogebic Lake is a favorite resort for those suffering from hay fever or throat and lung troubles. The Hotel and Cottages will remain under the management of Geo. P. McAdam, who can furnish first-class accom-

modations for 100 guests. Fine fleet of boats, steam yacht, etc.

Twin Lakes, Wis. (Conover Railroad Station.) This popular resort will continue under the auspices of the Twin Lakes Fishing and Hunting Club. It will be open the entire season, not only to Club members, but as heretofore, for the entertainment of fishermen and their families or those in search of health and recreation. Rates for board, etc. will be practically the same as heretofore, viz: \$2.00 per day or \$10.00 per week; boats 50 cents per day; boat and guide \$2.50 per day. Several splendid lakes are accessible from Twin, viz.: Pioneer, Long Big Sand and Smoky Lake. Good trout fishing can be found in the Brule Waters, also accessible. The Twin Lakes Fishing and Hunting Club have a cabin at the south end of Long Lake; have also built and filled an ice-house at this point, all for the accommodation of the patrons of this resort.

Watersmeet, Mich. Fine brook trout fishing to be had in various streams, some of them very near the station. Hotel accommodations, guides, etc.

Lake Vieux Desert. (State Line Station, Wis.) Headwaters of the Wisconsin River and splendid muskallonge fishing. A great number of these fish have been taken from this lake the past few years, many of them large. Boats and guides are to be had and L. Thomas can accommodate a limited number of persons at his house on west shore of the lake. This lake affords special attractions to camping parties, there being many fine camping spots.

"Eagle Waters," Wis. Comprises a chain of twenty-seven lakes, all easily reached by steamer or row-boat from Eagle River Railroad Station, and all offer fine sport with muskallonge, bass and pike. Hotels, boats, guides and steamer at Eagle River Station.

Three Lakes, Wis. A railroad station in proximity to the southern portion of the "Eagle Waters" chain of lakes. Hotels, boats, guides, etc.

Tomahawk Lake, Wis. The Milwaukee, Lake Shore & Western Railway traverses the entire Tomahawk Lake region, passing directly along the shores of Tomahawk and Kewaquesaga Lakes. These, and other lakes in the vicinity are noted for their fine muskallonge and bass fishing. There are hotels, boats and guides at Tomahawk Lake, and the St. Germain Lakes, Lost, Found, Plum, Star and Laura Lakes are all easily accessible.

Trout Lake, Wis. Is especially noted for the great number and large size of the "land-locked salmon" that are taken from its waters. Bass are taken in this lake and muskallonge in the surrounding waters. It is best reached by a good wagon road running from Woodruff Station. There is a hotel on the west shore of Trout Lake and boats and guides can be secured.

Manitowish River, Wis. Connects quite a chain of lakes, including Rest, Manitowish, Rice, Alder and Trout Lakes, all of which contain bass, muskallonge and pike, and some have been fished but very little. Boats and guides can be secured at Manitowish Station, also at the dam on Rest Lake, seven miles west of Manitowish Station, at which place hotel accommodations can also be had. For delightful camping spots, this region is unexcelled.

Turtle River, Wis. Also connects quite a system of lakes, including Rice, Echo, Spider, Turtle, Long and a number of others. These lakes have been fished but very little and some not at all, so far as is known. Fine fishing is reported from those that have been tried and camping parties would doubtless find great sport in making a trip through these waters.

Brook Trout. Some of the finest brook trout fishing to be had anywhere in this entire country can be found in Prairie River, at Dudley, about seven miles from Parrish, the terminal station on the Wisconsin River Branch. The stream at this point is from twenty-five to fifty feet wide and two fishermen can wade abreast and cast the entire distance without being troubled by the trees and bushes on its banks. It is an ideal trout stream.

Evergreen Creek, twenty miles, and one of its branches fourteen miles from Antigo, are excellent trout streams, and large catches were made in each last season.

For any additional or detailed information regarding the Lake Region, or for copy of Guide Book, Wisconsin and Michigan Game and Fish Laws, etc., address

C. L. RYDER, General Passenger Agent, Milwaukee, Wis.
